

**MSDS Antihistalone Tablets Anti-inflammatory and Antihistamine**

Apex Laboratories Pty. Ltd. | ACN 000 397 240 | www.apexlabs.com.au | Phone: 02 4372 1661 | Fax: 02 4372 1668 (International +61) | Email: info@apexlabs.com.au

**Material Safety Data Sheet****Antihistalone Tablets Anti-inflammatory and Antihistamine****Classified as hazardous according to the criteria of NOHSC****SECTION I Identification of the Material and Supplier**

Product Name	Antihistalone Tablets Anti-inflammatory and Antihistamine
Recommended Use	Treatment or prevention of histamine mediated adverse effects.
Supplier Details	Apex Laboratories Pty. Ltd.
ACN Number	000 397 240
Street	61 Chivers Road
Suburb	Somersby
State	NSW
Country	Australia
Post Code	2250
Phone	+61 2 4372 1661 (Business hours – 8.30am – 5.00pm)
Fax	+61 2 4372 1668 (fax)
Website	http://www.apexlabs.com.au
Emergency contact	As above or Poisons Information Centre 131126 (Australia)

**SECTION II Hazard Identification**

Classification	Classified as hazardous according to the criteria of NOHSC
Risk Phrases	R61(2) May cause harm to the unborn child
Safety Phrases	None allocated
ADG Class	None allocated
Hazchem Code	None allocated
Poisons Schedule	S4

**SECTION III Composition**

Ingredients	CAS No	Proportion	TWA mg/m3	STEL mg/m3
Prednisolone	50-24-8	<10%	not set	not set
Chlorpheniramine maleate	113-92-8	<10%	not set	not set
Other non hazardous ingredients	NA	to 100%	NA	NA

The TWA exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week over an entire working lifetime. The TWA exposure standard set by Worksafe Australia for dusts not otherwise specified is 10mg/m3. The STEL (Short Term Exposure Limit) is an exposure value that should not be exceeded for more than 15 minutes and should not be repeated for more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL.

**SECTION IV First Aid Measures**

Ingestion	Generally not required. If concerned rinse mouth with water, give water to drink and seek medical advice.
Eye	Generally not required. If irritation does occur irrigate with copious quantities of lukewarm water for 10 minutes and seek medical advice.
Skin	Generally not required. If concerned wash with lukewarm water and soap and seek medical advice.
Inhalation	Generally not required. If concerned move to fresh air and seek medical advice.

**SECTION V Fire Fighting Measures**

# MSDS|Antihistalone Tablets Anti-inflammatory and Antihistamine

Apex Laboratories Pty. Ltd. | ACN 000 397 240 | [www.apexlabs.com.au](http://www.apexlabs.com.au) | Phone: 02 4372 1661 | Fax: 02 4372 1668 (International +61) | Email: [info@apexlabs.com.au](mailto:info@apexlabs.com.au)

Extinguishing Media	Water, carbon dioxide or dry chemical. As appropriate for surrounding materials.
Combustion Hazards	Toxic or irritating fumes may be released including carbon monoxide and carbon dioxide.
Precautions for Firefighters	Wear self contained breathing apparatus and protective clothing.
Hazchem Code	None allocated

## SECTION VI Accidental Release Measures

Emergency Procedures	Spillage of formulated product from marketed packaging is unlikely to ever be serious, however, in the event of a major spill, protect drains and water courses from contamination.
Materials and Methods	Wear protective clothing (overalls, gloves, goggles and boots). Shovel spillage into clean, dry, labelled containers and dispose after consulting appropriate authorities.

## SECTION VII Handling and Storage

Precautions	Always use good occupational work practices and observe recommendations on the label. Keep exposure to this product to a minimum. Prohibit eating, drinking and smoking in storage and handling areas. Wash hands after handling and remove contaminated clothing and any protective equipment before entering eating areas.
Conditions	Store product in original containers as per label instruction (below 25oC, air conditioning).

## SECTION VIII Exposure Controls and Personal Protection

National Exposure Standards	No exposure standard has been allocated for this mixture or any significant ingredient within this mixture.
Biological Limit Values	No biological limit has been allocated for this mixture.
Engineering Controls	No specific engineering controls are required for this mixture.
<b>Personal Protective Equipment</b>	
Eye	Eye protection is not normally necessary. If concerned wear protective goggles or glasses. Wash hands after handling and prior to touching eye and in particular handling contact lenses.
Skin	Skin protection is not normally necessary, however it is good practice to avoid contact with chemicals by wearing suitable gloves when handling.
Respiratory	Protection from inhalation is not normally necessary. If ventilation is inadequate or dust is likely to build up then use of a suitable dust mask would be appropriate.

## SECTION IX Physical and Chemical Properties

Appearance	Round green tablets.
Odour	Non specific odour.
pH	No data available.
Vapour pressure	No data available.
Boiling point/range	No data available.
Freezing/Melting point	No data available.
Solubility	No data available.
Specific gravity/density	No data available.
Flash Points	No data available.
Flammable limits (in air)	No data available.

Apex Laboratories Pty. Ltd. | ACN 000 397 240 | [www.apexlabs.com.au](http://www.apexlabs.com.au) | Phone: 02 4372 1661 | Fax: 02 4372 1668 (International +61) | Email: [info@apexlabs.com.au](mailto:info@apexlabs.com.au)

Ignition temperature No data available.

## SECTION IX Physical and Chemical Properties

Chemical stability	This mixture is stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.
Conditions to avoid	No specific conditions to avoid other than extreme heat.
Incompatible materials	No data available.
Decomposition products	May emit toxic fumes under fire conditions.
Hazardous reactions	No data available.

## SECTION XI Toxicological Information

Handling of the formulated product is not expected to cause any adverse effects. The following data pertains particularly to the active and any hazardous ingredients in the formulation, rather than this specific formulation.

### Acute Health Effects

Ingestion

Eye

Eye contact is not a great risk as this product is a tablet. The data available suggests that this product may cause a transient irritation that is unlikely to be anything more than mildly uncomfortable. This effect should disappear when the product is removed.

Skin

Skin contact is not a great risk as this product is a tablet. The data available suggests that skin contact is not harmful.

Inhalation

Inhalation is not a great risk as this product is a tablet.

### Chronic Health Effects

Ingestion

The data available suggests that repeated or prolonged ingestion of prednisolone may lead to suppression of the adrenal gland and increase susceptibility to infection (and other signs of Hyperadrenocorticism). Hypersensitivities can develop to chlorpheniramine maleate.

Eye

There is no data available on the long term effects of eye contamination with this product.

Skin

There is no data available on the long term effects of skin contact with this product. Hypersensitivities can develop in response to skin contact with chlorpheniramine maleate.

Inhalation

There is no data available on the long term effects of inhalation of this product. Hypersensitivities can develop in response to inhalation of chlorpheniramine maleate.

Advice to Doctor

Treatment for any adverse effects should be symptomatic. Glaucoma may be aggravated by exposure to Chlorpheniramine maleate.

Carcinogenicity

No ingredient in this formulation is known to be carcinogenic.

Compounding effects

Corticosteroids (prednisolone) exhibit enhanced effects in people with hypothyroidism or cirrhosis.

## SECTION XII Ecological Information

Ecotoxicity	No data available.
Persistence and Degradability	No data available.
Mobility	No data available.

## SECTION XIII Disposal Considerations

Disposal Methods	Empty containers may be recycled or sent to a commercial waste disposal site. Unused product should be suitable for landfill however contact the relevant local Waste Disposal Authority.

Special Precautions

Do not dispose into sewers or waterways.

## SECTION XIV Transport Information

UN Number	None allocated.
UN Shipping Name	None allocated.
ADG Class	None allocated
Packing Group	None allocated.
Special Precautions	None allocated.
Hazchem Code	None allocated

## SECTION XV Regulatory Information

Poisons Schedule	S4
------------------	----

## SECTION XVI Other Information

Date	This MSDS has been reviewed and updated as required in May 2009.
------	--

### Key to Abbreviations

NOHSC: National Occupational Health and Safety Commission

ADG Class: Australian Dangerous Goods Class

CAS Number: Chemical Abstracts Service Number

TWA: Time Weighted Average

STEL: Short Term Exposure Limit

UN: United Nations

### Disclaimer

This Material Safety Data Sheet has been developed according to WORKSAFE Australia, NOHSC Guidelines.

Hazard Classifications have been determined in consultation with the Approved Criteria for Classifying Hazardous Substances [NOHSC:1008(1999)]. However, to the best of our knowledge, the finished product is unlikely to cause harm to humans handling, administering and dispensing as per label instructions.

The data, information and recommendations herein are represented in good faith and are believed to be correct as of the date hereof.

The purpose of this Material Safety Data Sheet is to describe products in terms of their safety requirements.

Apex Laboratories Pty Ltd make no representation of merchantability, fitness for a particular purpose or application, or of any other nature with respect to the information or the product to which the information refers ("the product").

The information is supplied upon the condition that the persons receiving same will make their own determination as to its suitability prior to use of the product.

The physical data shown herein are typical values based on material tested. These values should not be construed as guaranteed analysis of any specific lot or as guaranteed specification for the product or specific lots hereof.

Due care should be taken to make sure that the use or disposal of this product and/or its packaging is in compliance with relevant Federal, State and Local Government Regulations.
